Therefore, this paper want to measure to extent the contribution of Zapin Malay as a traditional art toward K13 which is being developed by the government today.

DEFINITION OF ZAPIN

To understand the meaning and word of Zapin, Dr. Omar Amin Hoesin states that the word of *zapin* derived from Arabic *Al-Zapn*.³ In *Zihabi Dictionary*, the word of *Al- zapn* means dancing or same as *Raqsun* which means act or swapping.⁴ While in *Arab-Indonesian dictionary* the word of *Al-Zapn* ord of derived from the w *zafana-yazfinu-zafnan* which means "dance", "kick". While the word of *raqsun* derived from the word *raqasa-yarqusu-raqsan* which means "dance," "dance" and "bertandak."⁵ Likewise, according Munawir the word of Zapin derived from *Al-zapn* which means "dance" and corresponds with *Raqsun* meant "act" or "swapping". *Al-zapn* derive from word of *zafana-yazfinu-zafnan* which meant "dance" or "kick". *Raqsun* derived from the word of *raqasa-yarqusu-raqsan* which means dancing.⁶

Refers to the origin word of Zapin above, it can be said that Zapin is one of art uses leg movement as the base tempo and dynamics. Leg movements arise because of the gust of glad and pleasure will be accompaniment of musical instruments drums and other instruments played by musicians to produce leg and body movements such as hands and head.

Zapin is developed rapidly from one to another region coincide Arabs trading processes to various parts of archipelago, including Indonesia. Archipelago was once a Malay region which is a trade channel of foreign nations for main purpose because spices produced is very attractive to the merchant. It meant Zapin is art of living and thrive in Malay formerly known as Archipelago and influent in society life.

Zapin is one proof of community local knowledge in art. Zapin has attached with custom and appreciated legacy all the time. There are many values can be taken and picked from Zapin as a legacy such as in the case of dance, music and song. meaningful speech. Music consists of several musical instruments such as harps, and Marwas where mutually supporting chock creates strains of tones and rhythms lovely causing strains harps lilting.⁷

Since long ago, Zapin musical instruments at Nusantara are used psaltery and Marwas even though at first in Arab the instruments used *Al-ud and Tambour*⁸ It has been agreed that to communicate with people around the empire is done through a particular sound produced by a device, for example cymbals and so forth. Likewise, Zapin is the instrument used as a tool or means of communication that occurs between the players and society as a listener.⁹ On subsequent development, the sound that has been known and used by society are then arranged into a tone be regularly sounds and has rhythm sounds in accordance with the situation and conditions. According to Berrin S. SR, in Zapin music, the most important thing is the melody while Marwas unison add distinctiveness of the music so that the punch with another blow and shouted to produce harmonious sounds.¹⁰

HISTORY Origins Zapin

2 It is estimated Zapin created in the sixth year of prophet that when Prophet Muhammad SAW asked Ja'far as caretakers Saidina Hamzah daughter who want to join the Prophet SAW migrated to Medina. Ja'far was immediately delighted and danced and lifted his feet and swung his legs repeatedly as a sign of excite over the decision of the Prophet. Based Ja'far leg movement, which was also attended by Ali, then from here started their spontaneous movements by leg movement developed in the Arab society as a sign of love and excite at an event experienced. Leg movements then became a habit to do if there were events that eventually became an entertainment for society at that time and known the word *al-zafn* that connotes be Zapin.¹¹ This happens when start to appear truce with infidels of Mecca.¹²

As stated at the beginning of the discussion before, the existence of Zapi is not separated from the process of Islamization in archipelago. Zapi entered into various areas and regions together with the traders and Islam spreader. Therefore Zapi become one of the thriving local arts communities in Indonesia. One country entered by Zapi is Siak. Siak is the capital of the Siak Kingdom which receive Zapi when the kingdom led by sultan Arab descent that began in seventh sultan namely Sultan Said Syarif Ali, grandson of Sultan Alamuddin Syah had son-in-law Arab descent. Sultan Alamuddin daughter named Tengku Kamariah marry Said Syarif Osman Arab descent from Ba'lawi tribes. From marriages born children sultans Siak of Arab tribes so the last sultan namely Sultan Syarif Kasim Abdul Jalil Saifuddin. Since the influx of Arab tribes in the kingdom Siak. Since Arab tribes come to Siak kingdom, it began Arab culture enter. Thus, Zapi became art palace, especially when holding the event, both religious and entertainment.

Zapi journey from its origin namely Arabic evolve rapidly so that one region and other are equally a touch of Arab art. Society archipelago with its open easily accepted art comes from outside. The process of Islamization was instrumental to the existence of Zapi at this archipelago. it was once a regional trade channel of foreign nations, even became the main destination for foreign because spices produced is very attractive to the merchant. Therefore, it can be said that the journey of Zapi from Arabic to archipelago none other for Islamization process undertaken by Arab traders. This means Zapi Arab developed at archipelago simultaneously with Islamization process to various parts in archipelago.¹³ Likewise, Arab nation. Research result of Azyumardi Azra states that Arabs have done trade relations to archipelago long before archipelago Islamization process.¹⁴

Since Zapin Arab grew and developed in the archipelago, People in each region received Zapin as entertainment media so Zapin came from Arab developed in accordance with the conditions of supporters. Due to differences in nature and earth between Arab and archipelago, then there is a change to any device Zapin causes condition and situation in Arab was not same as the conditions and the situation of local community. Zapin origin was known Zapin Arab Emirates and in its development, exchanged names with the name Zapin Malay. Music equipments have also been changed, for example the string instrument *Al-Ud* exchanged with *Lute*, whereas *Tambur* replaced by *Marwas*. Likewise. Zapin dance from Arabs had no interest or variety in dance movements. Zapin Arab dance did leg movement just jump and circular while Zapin Malay dance has a variety or interest dance. Then, the song is sung as a Zapin Arab dance progressing well because Malay nature varied consisting of sea, islands, hills, mountains and coast, the rhythm and characteristic are very different from its natural Arab Zapin that consists of Deserts. Therefore, ultimately in archipelago community Zapin Malay is known appellation with its trademark. According Ellya Roza and S. Berrein SR stated that form of Zapin Malay as a sign of *local genius* play a role in its time to cultivate a culture that comes into host communities so Zapin culture with all the devices very dominating and become a tradition of Malay society.¹⁵

By coming and development of Zapin in archipelago as a form of art that is based on Islam, then the form of community art closer to Islamic values and Zapin used as a barometer of daily life in relationship, considerate and share-for, solace as well as a gathering place for the community. Traces and tread of Zapin in Malay signifies indicate cultural acculturation and life for Malay community has been approached by the Arabs. The presence of Arab nation for centuries gradually experiencing unity with local communities, including Zapin as a form of art that ultimately institutionalized and become integral part of life.

Since the introduction of Zapin Malay term by a bustling community, Zapin Melayu always dominates in Malay life community in averaging in Malay earth. Breath and pulse Zapin still flows like river flow and sea. Zapin unity with daily life community and spirit of Zapin enter into the hearts of everyone who inhabits Malay earth. It was swung by the presence of Zapin containing beauty characteristic because the unity between songs, music and dance are combined into one. Therefore Zapin Malay became an artistic community art that was originally formed by

environment influenced, both ethnically and age. For example, the influence of art before Islam came were China and India, while the Arabs affect the arts in tandem with Islamization process at archipelago. Thus, the traditional Malay art has many kinds and variety. This is of course due to the role of *local genius* that exists at that time. They adopted from entrants who are at that time came to the Malay lands to conduct trade transactions so manifest traditional art with various tramp like dancing, mak inang, Zapin langgam and so forth. Langgam influenced by Chinese dancing and mak inang influenced by India while Zapin is the influenced by Arabs which later develops rebana, Marhaban, berzanji, nasyid and others as an art express Islam.

UNDERSTANDING OF MALAY

If further review concerning the existence of backward countries today, such as Indonesia, Malaysia, Singapore, Brunei Darussalam and other neighboring countries can be said that during the early and late in 17th until 20th century decade known as Archipelago. The unity of people bonded by tribes exists in region, either in kingdoms as well as in other such as marriage and kinship. In the western region of archipelago such as Sumatra, Borneo and Peninsular Malaysia adhesive significant are dominated by Malay race and Islam so that Malay language is said to be *lingua franca* of its time applied to Arabic-Malay or Jawi script written language as a medium of expression. This is what causes the communication and information between kingdoms and Malay society is very open and the frequency is high enough.

Malay kingdoms extremely instrumental in spices trade, especially pepper and tin mining resulted in emerging rivalry with each other. This competition is used by VOC to pit among Malay kingdoms. Furthermore, Malacca strait and South China Sea also enlivened by presence of Makassar Bugis who were displaced from the area due to interference of VOC in region, which in turn powers Bugis is given its own color in Malay region thus enriching the history and culture of Malay people.

Thus it can be said that Malay is archipelago inhabited by various tribes. Therefore, the archipelago is a pluralistic society and consists of ethnic diversity in the various clusters of islands so that ²¹ understanding of nation's culture can not be separated from deep ²¹ understanding of the nation's culture which derives from Malay or archipelago. This means concept of Malay is no longer a new concept because it is already presence along with human

Proto Malays. Malay nature can be defined as a geographic region that covers the whole of human population using Malay language throughout Southeast Asia, especially in archipelago that is now units geopolitical or Indonesia countries, Malaysia, the Philippines, southern Thailand, groups in Cambodia and Vietnam and Taiwan. This understanding must be grounded to the language because language factor is the only remains of the ancient history of eternal still be valid and true marker will existence Malay neighborhood groups.

Geographically, according to Hamka Malay originated from Malay Peninsular Malaysia continues to Sumatra, Java, Kalimantan, Sulawesi and the islands of Nusa Tenggara and Maluku islands, including Irian and continue to Luzon and Mindanao island.¹⁶ Meanwhile, Hashim said the view of Malay states refer to two things: geography and language. In terms of geography, Malays are concerned with ethnic about all the tribal communities who inhabit region stretching from southern Siam until the entire Malaysia today. So to all Indonesian regions is now recognized as a first-time Nusantara, part of southern Philippines, include Sulu and Brunei Darussalam.¹⁷ Likewise many other scholars view as Hussein¹⁸ and Deraman.¹⁹ Later in the developments taking place through a long history, it can be said that the community or people who inhabit Strait of Malacca, East Coast of Sumatra, Peninsular Malaysia and the countries mentioned by scholars above shows with a cultural pattern that is very much influenced by their religion namely Islam. Thus according to Hamidi,²⁰ a resident of this area has three identities: (1) Muslim; (2) speaking Malay; (3) having similarities in customs and traditions.

In the case of customs and traditions that apply to people in Malay nature principally involved with artistic traditions will have similarities despite differences were also seen to be but the difference is due to the result of *local genius* intellectual in developing the arts. In the words of Malay said:

VALUE CONTAIN IN ZAPIN

Zapin give ² color in society life and even add value and contribute to educational world, both general education and special education are. This looks at all aspects of Zapin like music, songs and dances that contain life ethics such uphold customs, enforce identity and strengthen the unity and integrity.

Zapin as one of Arab nation's heritage and has become part of community art was regarded highly in accordance with shade of community archipelago because it can be used milestone relationship as well as entertainment relieving tired. With Zapin community gathering, happiness and preach so that its existence is very appropriate as a means of connecting a sense that it contains various messages and trustful. This means when assembled in order perform zapin, people greet each other, mutual respect, and edify each other. Therefore perform zapin activity can be described as one means of moral education and spiritual education for community. This is very consistent with core competencies contained in K.13 as ongoing today.

This fact is not a manifestation today but artists Islam has contributed greatly ⁵ to the development of art and civilization in the world. It is not only recognized by Muslim scholars but also recognized by Western scientists. As ¹⁰ Manja Mohd.Ludin And Ahmad Suhaimi Hj Mohd.Nor view stated western duly indebted to Islam in incarnating various aspects of science and high proficiency in the arts and other areas in Europe. The glories of medieval and renaissance in Europe helped donated by Islam artists.²¹ Including Zapin brought by Arab artists to various areas layover in trading and Islamization. Then, Zapin ultimately transformed by Malay *local genius* thus becoming one of the traditional Malay culture.

¹⁰ Manja Mohd. Ludin dan Ahmad Suhaimi Hj.Mohd.Nor.1995.*Aspek-aspek Kesenian Islam*.Kuala Lumpur: Dewan Bahasa dan Pustaka Malaysia, p.166

Malay identical with Islam is a common statement heard by people in this world. Thus Zapin as an art is implementation of statement because it contains a teaching point pertaining to the moral and spiritual community. That is Zapin with all devices containing a core competence value K.13 though Zapin grew and developed in the various regions of archipelago, but the content value is not different.

Indonesian dictionary writes value implies the levels, quality, more or less content, properties (things) that are important or useful to humanity.²² While according Hamidi (1993: 14) value is basically something abstract and difficult concretely stated as being more inclined to something that is formulated, not something demonstrated. To recognize the value should use five senses. However, the value obtained is still in abstract and used language symbols such good, moderate, very good, bad, and very bad. Therefore, as stated by Lasyo (1999: 1) that the value is indispensable in society life so that direction of human civilization to be better, because value is usually oriented to truth, goodness, beauty, and unity. The other says that value is something potential, in the sense of relationship harmonious and creative so as to enhance human functioning.

Zapin as one of Arab cultural heritage that has been transformed by a local genius in the past and has now become one of traditional arts really loaded with value. Therefore it should be preserved as preserve national culture is one thing that is important in the search for identity and responsibility sense of each citizen. Art Zapin include voice or vocal song called Zapin, musical called Zapin music and dance known as Zapin dance. All of the three elements complement each other so that if people called Zapin, it would appear three elements because it is filling. It is meant according to Zulkifli (2000: 153) music is as Zapin dance accompanist useful for beauty of motion and tempo step in delivering meaningful speech. The music consists of several musical instruments such as psaltery/gambus, and Marwas mutually supporting chock creates strains of tones and rhythms lovely causing strains harps liting.

If one play and beat gendang Zapin named Marwas then produce from mouth '**tung tak tung**'. This typical symbol gives a privilege for Zapin as an art spirit. Both of these instruments

in accordance with shouted to each dance movement that step and jump like people are swapping. Tickling Lute and sound Marwas give typical value and the interrelationships between each component so that Zapin be respected and scintillating as an art that express education and laden with moral values, ethics and aesthetics because nice to heard and unsightly so as to provide the balance of breathtaking garden everyone who witnessed it.

CURRICULUM 2013 (K13)

Curriculum 2013 began in 2013 and was held simultaneously in all parts of Indonesia which was held on the basics of affective for cognitive affective ability. Understanding of curriculum can be traced from the concepts of curriculum offered by the experts. Curriculum 2013 is a refinement of previous curriculum developed on the basis of educational theory based on the standards and competency-based. While K13 is emphasizes on spiritual and social aspect. It is stated in the Ministerial Decree of Education about the basic framework and structure of the secondary school curriculum that establishes four core competencies (KI). Core Competence 1 deals with the attitudes and spiritual. Core Competence 2 is relating to social attitudes. In Senior school curriculum on core competencies 1 is formulated live and practice their religion. Core Competence 2 is to live and practice the honest behavior, discipline, responsibility, caring (mutual cooperation, cooperation, tolerance, peace), polite, responsive and pro-active as well as showing an attitude as part of the solution and various problems to integrate effectively with the social environment and the natural and put themselves as a reflection of nation in association world. K.13 basically answers the demands UU.RI no.20 of 2003. Therefore, K.13 has a mission and burden of responsibility for growth and development of learners, give life meaning of goodness and virtue own life, community, state and nation even religion. That is, K.13 on core competencies is more emphasis on attitude and social aspects.

K.13 applies not only formal education but also non-formal education, especially arts groups like a traditional art developed in the community. Traditional arts are meant art without using *ICT* in the process of implementation.

CORE COMPETENCE IN MUSIC AND SONG OF ZAPIN

Psaltery/gambus has specialty as a minor-pitched musical instrument made of leban wood whose belly was covered with goat skin coupled with a shape that resembles a calf or hips of a woman is very possible that faint sound mellow and alluring. Marwas is also very important because the structure is simple but has an impressive rhythmic instrument so as to tradition percussion, biased tone no less competitive with other percussion instruments. Psaltery playing with serene, Marwas formations with squeaked in variety of *senting* and *dogoh (forte)* institutionalized accompany dance beautifully captivating the hearts of every person who witnessed it. The power of both this instrument adds to excitement for dancer, giving eminent, and relieve taste those who see that so imperceptibly pass demonstrate harmony of the dancers in the dance. Furthermore punch one, two and three as well *senting* and *dogoh* produced by Marwas give accentuate on pace and range of motion in dance knits so steps broken and halting movement as if creation. The combination is centrum Zapin in dynamics and tempo rather fast as sukatan (Ellya Roza and S. Berrein SR, 2003: 23).

In Zapin, psaltery string must first stringed continue the singer sing song. Then, Zapin banker step and move in accordance with the rules of diversity that are served. Psaltery sound is as driving, setting, controller and resolver Zapin dance. The song is sung to initiate Zapin is a song called *Bismillah*. *Bismillah* is an unfamiliar phrase to a Muslim because of *bismillah* pronounced when it will start each job. The Prophet said, "*Every matter that does not begin with bismillah (in another narration: the remembrance of Allah), then the practice is disconnected (less) His blessings.*"

Shaykh Muhd.Abduh said in his commentary that "Al-quran is the priests and role of us, because Al-qur'an begins with *bismillah*. That's a guide for us that all our actions begin with reading *bismillah* . "Thus Zapin teach people always mention Allah when doing any work. This is one of education element that is worth morality contained in Zapin where *bismillah* contains virtues, that is protected by God from against Jin and Satan as saying of the Prophet: "*The barrier between the eyes of Jinn and the nakedness of Children of Adam, when one of them took off his clothes , is to read bismillah.*"

Furthermore, if we read *bismillah*, God will protect from people who intent evil. An event when Khalid bin Walid crushed by indecision, they said to him, "Beware of poison, do not let strangers give drink to you," he said, "give me," and he took his hand and read: "*bismillah* ,"and then he drank. So did not give the slightest danger to him. Hadits clarify how important to

deviating from teachings of Al-Quran and creating new things (bid 'ah). Furthermore, Rasulullah also asked Muslims to unite and do not divorces disarray, as where his word that translates:

"Allah bless you in three ways, bless you worship Him and not consider as an ally-Him with anything; you stickle to the rope (religion) of Allah and do not divorce disarray; and sincere your love to those who were given authority by God, or yours. He hates three things, namely the story of mouth; too much to ask for; and a waste of money". (HR. Muslim)

Togetherness embodied in Zapin music is the implementation of Core Competence K.13 where unity and integrity are a human attitude has a moral and ethical life. Morals and ethics are a reflection of positive attitude for people who have mental religious. Thus the existence of Zapin as a traditional art gives power to K.13.

CORE COMPETENCE IN ZAPIN DANCE

Value core competencies⁵ contained in Zapin dance seen in variety dance⁵ such as first variety of Zapin dance is variance “alif sembah”. This variety is as a beginner or starting of Zapin dance which implies respect to other when meet and visit. Comity is the attitude of principle human to anyone and closer with Islam teachings where Islam strongly affirm to the people in honor of guests as the word of the Prophet Muhammad SAW : *For those who believes in Allah and the Last Day, then glorify his guests.*

In the Zapin dance, honor the guest is the most important made. Therefore, it conducted in early Zapin dance as an opening. Honoring the guest is a work very pleasing to Allah SWT. Moreover, the guests respect became one of cause's declines Al-Quran verses. For example, event emigration of Muslims with the Prophet Muhammad SAW went to Medina where Anshor families with all the pleasure welcome their guests that is muhajirin family by providing food and shelter. Because of this case then there came word of Allah in *Surah Al-Hasr* verse 9:

And [also for] those who were settled in al-Madinah and [adopted] the faith before them. They love those who emigrated to them and find not any want in their breasts of what the emigrants were given but give [them] preference over themselves, even though they are in privation. And whoever is protected from the stinginess of his soul - it is those who will be the successful.

The verse above illustrates that glorify or entertaining guests is not only the morality of the Prophet Muhammad and his companions but also the morality of the previous prophets, as God profiled about Prophet Ibrahim in *suras Adzaariyaat* verses 24-27:

Has there reached you the story of the honored guests of Abraham? (24) When they entered upon him and said, "[We greet you with] peace." He answered, "[And upon you] peace, [you are] a people unknown. (25) Then he went to his family and came with a fat [roasted] calf (26) And placed it near them; he said, "Will you not eat?" (27)

Has there reached you the story of the honored guests of Abraham? (24) When they entered upon him and said, "[We greet you with] peace." He answered, "[And upon you] peace, [you are] a people unknown. (25) Then he went to his family and came with a fat [roasted] calf (26) And placed it near them; he said, "Will you not eat?" (27)

Therefore, basically a variety of "Alif sembah" implies greetings, salutation, scolds and accosts, bring friendship sense and binding relationship. Variety of 'alif sembah' is also an emblem or handshake symbol through the motions in a variety Zapin strands. Variety of 'alif sembah' also means sincerity, mental clarity, and personal linguistic and behavior in expression through movement and steps in an appreciation Zapin dance. Variety of 'alif sembah' has *akhlakul karimah* value for the actors and audience. It's meant the existence of diversity in Zapin dance strongly support the existence of K.13 especially in applying core competencies.

The second variety is variety "anak ayam patah". This variety is reminiscent us to animals are also creatures of Allah. Movement of a chick who broke his leg became a variety in Zapin dance. This is beneficial as learning in one's life and spirit of struggle in achieving ideals. Unyielding attitude thrown away, desperation fought and destroyed, perseverance and

sincerity strengthened themselves in order to face a variety of obstacles. The main example is the Prophet Muhammad who never gave up on teaching preaching to his people. Desperate is vices that do not should be maintained because can make men lose the passion for life, lose the passion for work and activities of everyday life, there is a sense of sadness, guilt, slower thinking, immune deficiencies, easily hurt because there is only a view empty as if crushed by a very heavy burden is on his shoulder. Allah dislike men who easily despair as said in Al-qur'an *Surah Yusuf* verse 87:

8

O my sons, go and find out about Joseph and his brother and despair not of relief from Allah . Indeed, no one despairs of relief from Allah except the disbelieving people."

In the verse above, Allah SWT tells about the advice of Prophet Yusuf AS that other children who seek news of Joseph and his brother Benjamin. And the prophet Jacob advised his sons are not to despair of the mercy of Allah SWT in finding them, because those who despair of the mercy of God that only unbelievers.

The parable 'anak ayam patah' as a variety of Zapin dance signaled that physical shortage is not a reason in reaching an expectation. The value containing in a variety of 'anak ayam patah' presents an overview and force someone in life. No words could not, nothing is unattainable as long as *ikhthiyar* do. Life is a struggle and struggle is the key to success. Once sail never recede backward. Once paddle embraced two of three islands too. Working hard with the intention earnest, God willing wishes can come true. People who are accustomed to living their hard work is always working to solve the problem unresolved.

On the other hand, the learning value contained in a variety of anak ayam patah of Zapin dance in question the nature of honest and brave prioritizes as attitude is. In other words, it distanced snobbery and low self-esteem, discarding vanity, both tangible and intangible. In addition, the variety of anak ayam patah contained in Zapin dance symbolizes the resilient attitude and humble nature. As proverb say *climb up to the top, to sail up to the limit, climb to the top and dropped to basic*.

Furthermore, a third variety of Zapin dance that express *akhlakul karimah* is movement "minta tahto" as a sign of the end of Zapin. Movement "minta tahto" is as a salute to end

Zapin. This means that excuses resigned from the room or person. This Zapin Variety contains ethics order when face with people. In Malay teaching point say "datang tampak muka, pulang tampak punggung". Malay teaching point is very consistent with the teachings of Islam. Likewise, the concept K.13 implemented on core competencies.

Further, core competencies that should not be overlooked is the traditional Zapin dancers consisted of men only, while women are not allowed to dance let alone with a man. This is in accordance with the teachings of Islam in which women are forbidden to demonstrate of her body movement in front of opposite sex. This case is implemented in Zapin dance so it supports Core Competence containing live attitude and practice religious affiliations. Consider the following picture.

Traditional Zapin

Nowadays in its development, there are also women who perform zapin but still only paired with women as well. This means that there is Islamic ethics value contained in Zapin. In another aspect, Zapin dance traditionally is done on a rug that is at the bottom on pedestal with a rattan mat. If a successful dancer dancing on a rug without a contract, then the dancer is said to be successful. Perform zapin on a bed rug underneath a rattan mat meant that the movement should be done carefully and responsibly to avoid wrong and mistakes. It can be tried and proved that if you do Zapin motion at will on a rug beneath which certainly rattans mat so rug is matted.
